ARVAND PETROCHEMICAL COMPANY

POLYVINYL CHLORIDE | E-PVC E6834

PVC E6834 is a high-quality emulsion PVC resin from Arvand Petrochemical, engineered for reliable paste production with excellent processability and uniform particle size. As a direct PVC E6834 supplier, Shobeir Shimi provides authentic material, competitive E6834 price per kg, and steady supply for both domestic and export markets.

Producer	Applications
ARVAND	Paste grade for rigid foam for flooring, leather cloth, sealing compounds, coating & laminating

Typical Properties			
Resin Properties	Unit	Typical Value	Test Method
K-Value	-	67-69	ISO 1628/2
Sieve Analysis >63 µm	%	≤2	ISO 565
Volatile Matter	%	≤0.3	ISO 1269
Methanol Extract	%	<2.5	ISO 6472
Thermostability Mathis Drying Oven	min	≥15	-
Paste Viscosity 1h	Pas	≤6	DIN EN 3219
Residual VCM	ppm	≤2	ISO 6401
